ELANA NIGHTSTAND

12-1701-01

Style and subtlety are the name of the game with the Elana nightstand. A wide, chest-shaped compartment rests elegantly on four, concise legs that jut out from the corners, meeting the ground at an energetic point. This low look is perfect for a bedroom designed specifically for simplicity and restraint in style. The shallow dip in the unique steel top is perfectly designed for setting down a pair of reading glasses or pearl earrings, as the night may require, before sinking into bed. This lovely nightstand, bringing together throwback minimalism with contemporary European design, is available in a variety of sizes and finishes. Contact us for more details.
