## GIOIELLO END TABLE 2

191-1402-01

Elegant like jewelry, the Ring coffee tables are inspired by raw cuts of precious stones prior to being mounted into rings. The choice of materials is aimed to emphasize this inspiration behind the collection. The metal base structures are available in copper, brass, steel and nickel, each of which corresponds to a geometric form. Like in jewelry design, the glass tops in transparent or light colors are literally set onto the base structures.
