## MALVA II DINING CHAIR

131-1105

A slim and extremely elegant design of Malva II acquires additional value thanks to the new rhombus pattern in backrest. The Malva chair embodies the chic modern dining design. The subtle, winged back practically floats above the seat of the chair which is thinly cushioned and held aloft by narrow, pointed legs. This dining chair is available in wide range of finishes, colors and materials that create an element of lux without any compromises.
