## UP-AND-UP SOFA

191-24-01

Up-and-up sofa uses a simple system that resembles the interlocking of Lego blocks to allow you to choose the height of the backrest that best matches your comfort level. Place the back cushions on top of the low backrest to create a higher backrest and a deeper seat. The particular shape of the cushions ensures maximum stability. The goose-feather padded cushions and armrests create a particularly soft, snug sofa. Also available with raw-edged leather upholstery.
