

FLY NIGHTSTAND

A gleaming example of European design, the Fly nightstand is angular and able. Blunt minimalism is the name of the game with the Fly nightstand. Thick, dark edges jut out on either side of one polished metal rectangular divider while a concealed drawer rests within the strong, solid block that is the topmost portion of the nightstand. Sharp corners and unbroken base and back work together to create an effect of energetic fortitude. This European design is completely customizable and comes in a variety of sizes and finishes, including metal accents with Oak or Lacquer, Oak Burl, Walnut, and more.
