

JULIET TABLE LAMP

The tactile surfaces of the Juliet Table Lamp are shiny, yet soft at the same time. These surfaces appear as if they are talking when the lights are turned off. Its metal structure comes in matte gold, matte rose gold, or matte graphite, while its shade is crafted from borosilicate glass and finishes with an oxidized metallic matte in blue avio, sage green, powder pink, sand, glossy green, or glossy blue. It is also available in four sizes and shapes, making it a wonderfully versatile lighting solution. PLEASE CONTACT US FOR PRICING
