

LOLLIPOP TABLE LAMP

The Lollipop Table Lamp is the result of experimentation with the technique of slumped glass, exploring its wide possibilities in terms of glass coloring, glint, and internal structure. Made of amorphous glass plates combined with a metal holder and an inserted light source, Lollipop's resultant objects are reminiscent of the piece's namesake. It is available in two sizes and shapes, as well as the seven color options of clear, light amber, light blue, light brown, light pink, orange, and turquoise. Its handmade glass may contain variance in bubbles and shades due to the manufacturing process. PLEASE CONTACT US FOR PRICING
