

SHAMROCK DINING CHAIR II

The Shamrock Dining Chair II is a universal piece, usable for cafeterias, wine bars, waiting or meeting rooms, and at home alike. Its shape derives from a particular mold, one which creates an invitingly comfortable shell. Available in many vibrant color options for the shell and with a number of different bases in wood, steel, and lacquered die-cast aluminum, the Shamrock II prides itself on its soft, slightly flexible, and innovative material, a polyurethane integral foam. For more options, check out our [dining & side chairs](#) category. PLEASE CONTACT US FOR PRICING
