

FROZEN BOWL

SKU # 53-40-82635

The Frozen collection was inspired by the transformation of water into ice, the element of randomness used in the context of glassmaking. Glassmakers understand that their material always 'freezes' at some moment in the process and only the most skilled hands are capable of creating a unique form. Each piece traces a unique record of the process, becoming an original all of its own. PLEASE CONTACT US FOR PRICING
