

## VALENTINO CONSOLE

The Valentino Console table integrates artistic qualities with glamorous modernity. With strong aesthetics and the most refined materials, the console is manufactured in Italy. With four sizes that make it a natural choice for any entrance hall, it features an intricate base design comprised of two elements: a "v" shaped component and a cylindrical component. While these two elements are meant to create asymmetry through their physical appeal, they are also contrasting in color and textural finishes. This console is available with a high degree of customization. The "v" shaped components of the base are available in various wood finishes, while the complimenting cylinder comes in different marble finishes. Choose from different finishes for the glass top. For additional options please check out our [console](#) category. PLEASE CONTACT US FOR PRICING

SKU # 141-8-85505
